2. Accessing Data:

Use the Main Navigation bar on the left to select different sections of the dashboard. (*Pg. 6 of Manual*)

3. Filtering:

Filters can be used to refine the parameters used to display the data. (Pg. 7 of Manual)

The filters you select will affect the subsequent filters that are available.

• For example, if you choose a single funding stream, the data will be limited to show only information for grantees, providers, and program curricula within that funding stream.
